Climate Innovation Summit

28th and
29th May
2026

2026

IIMB Campus

About the Conference

The Climate Innovation Summit 2026 is a premier two-day convening focused on accelerating India's progress toward Viksit Bharat 2047 and its Net Zero 2070 commitment. Bringing together policymakers, industry leaders, investors, entrepreneurs, and academia, the Summit will serve as a high-impact platform to translate climate ambition into actionable strategies that drive sustainable and inclusive economic growth.

Designed as a solutions-oriented forum, the Summit will catalyze clean technology adoption, industrial decarbonization, and green finance by fostering collaboration across sectors. Through focused dialogues, innovation showcases, and strategic partnerships, it aims to bridge the gap between climate commitments and on-ground execution, strengthening India's pathway to a resilient, low-carbon future.

Summit Agenda & Focus Areas

The Climate Innovation Summit 2026 will focus on high-impact sectors critical to India's low-carbon transition:

- **Power Sector Transformation** – Renewable energy scale-up, storage solutions, and grid flexibility
- **Decarbonising Buildings & Infrastructure** – Energy efficiency, green construction, and sustainable urban systems
- **Metals & Mining Transition** – Low-carbon pathways for steel, aluminium, and critical minerals
- **Innovation in Clean Energy Technologies** – Advancements in wind, solar, batteries, Green Hydrogen and bioenergy
- **Digital Enablement for Decarbonisation** – AI, robotics, and data-driven climate solutions
- **Nature-Based Solutions** – Scaling forestry, agroforestry, and carbon removal initiatives
- **Climate Finance & Carbon Markets** – Mobilising capital for India's Net Zero transition
- **Climate Innovation, Startups & Green Jobs** – Enabling entrepreneurship for Viksit Bharat 2047

Exclusive Roundtables & Strategic Networking

The Summit will host curated **Policy Dialogues** and **Business Matchmaking Roundtables** to foster high-impact public-private partnerships. These closed-door engagements will convene CXOs, policymakers, regulators, researchers, and investors to advance actionable strategies for India's Net Zero transformation.

Speakers & Thought Leaders

The Summit will feature **30+ global speakers and industry pioneers**, offering practical insights and forward-looking perspectives on climate strategy, innovation, and implementation.

Strategic Milestones & Recognitions

Climate Innovation Summit 2026 provides a distinguished platform for organizations to transition from commitments to measurable action. Dedicated sessions will spotlight:

Knowledge & Research Launches

Innovation & Product Showcases

Participation Certificates

Corporate Announcements & Strategic Partnerships

Climate Leadership Recognitions & Awards

One Participant, One Tree Initiative: In honour of every registered delegate, one tree will be planted—creating a lasting environmental legacy beyond the Summit.

Registration

Fee: **₹3,000**
+ applicable taxes
(for IIMB invitees only)

Special pricing
available for
bulk registrations.
