IMR Doctoral Conference 2023

3 & 4 February 2023

Announcement for Delegate Registration

The Indian Institute of Management Bangalore's flagship journal *IIMB Management Review* (IMR) and the Office of the Doctoral Programme are organising the fourteenth IMR Doctoral Conference (IMRDC 2023) on 3rd & 4th February 2023. With the easing of restrictions around the Covid-19 pandemic, the organising committee has decided to hold the conference in offline mode at the IIM Bangalore campus. We would also consider a limited hybrid model in order to facilitate the participation of international doctoral students, speakers and delegates.

Our objective is to encourage doctoral research and facilitate collaborative work among researchers from different institutions. We aim to provide a forum where insightful feedback from senior researchers and academicians can help improve the quality and rigour of student research. The IMR Doctoral Conference is a benchmark event in India's doctoral community, commended by participants for the thorough and constructive feedback provided through its "one exclusive discussant per paper" format.

We have envisioned a two-day programme on 3rd & 4th February 2023, consisting of full paper presentations by doctoral level students, keynote sessions, workshops and invited talks by noted international scholars in management research.
