Interpretation as a participant

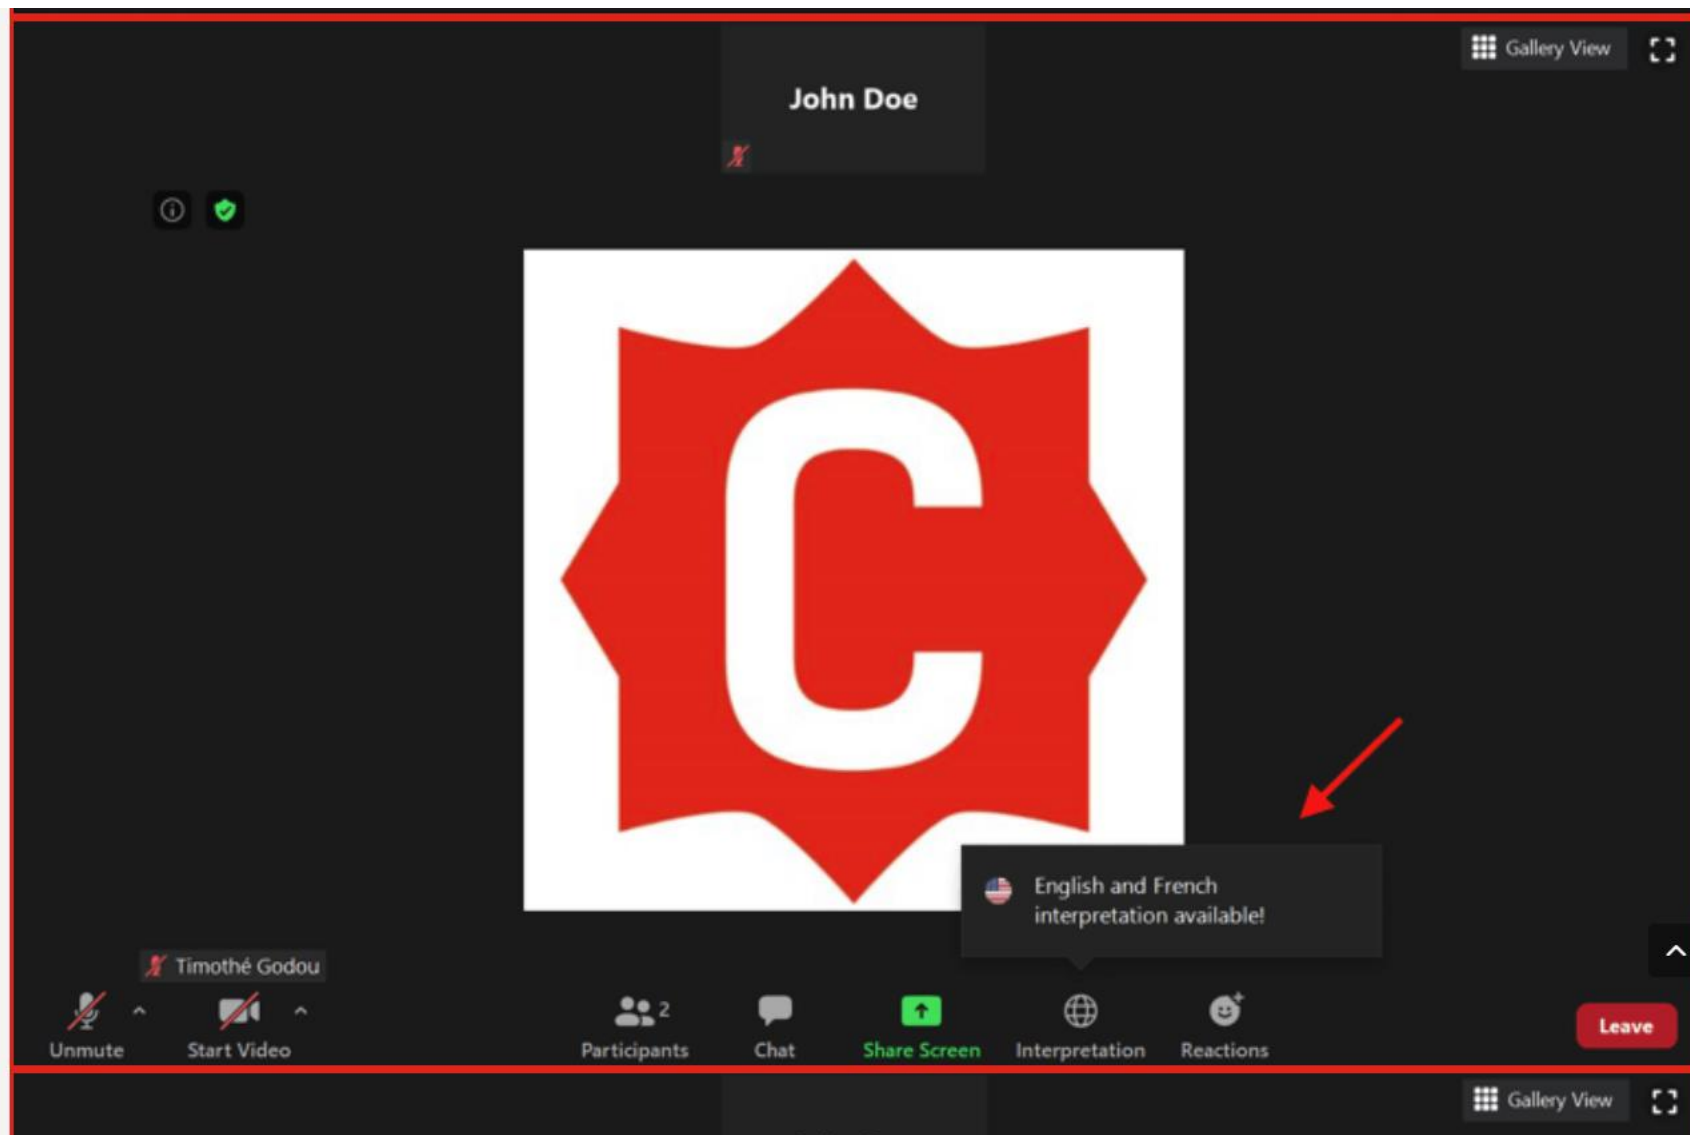

Step 1

Join a ZOOM meeting where interpretation is supposed to be supported.

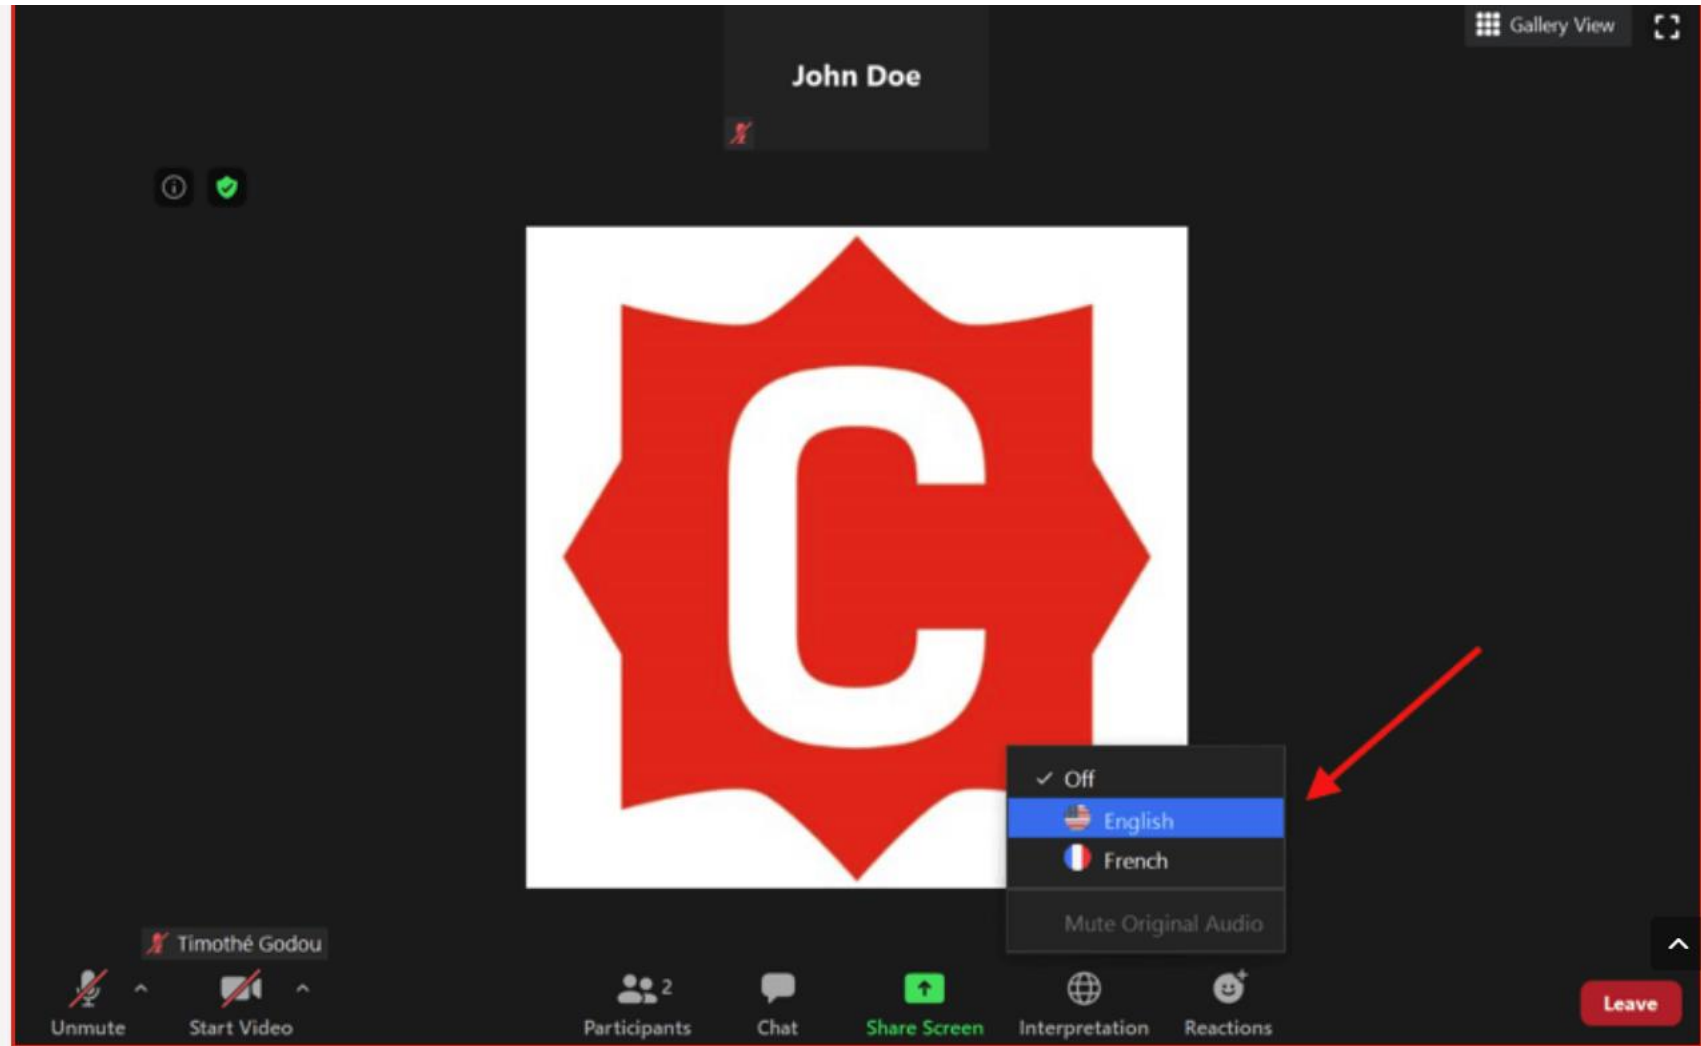

Step 2

When an interpreter is assigned by the host of the meeting, a new "Interpretation" icon and a pop-up message saying that new translation possibility is available will appear

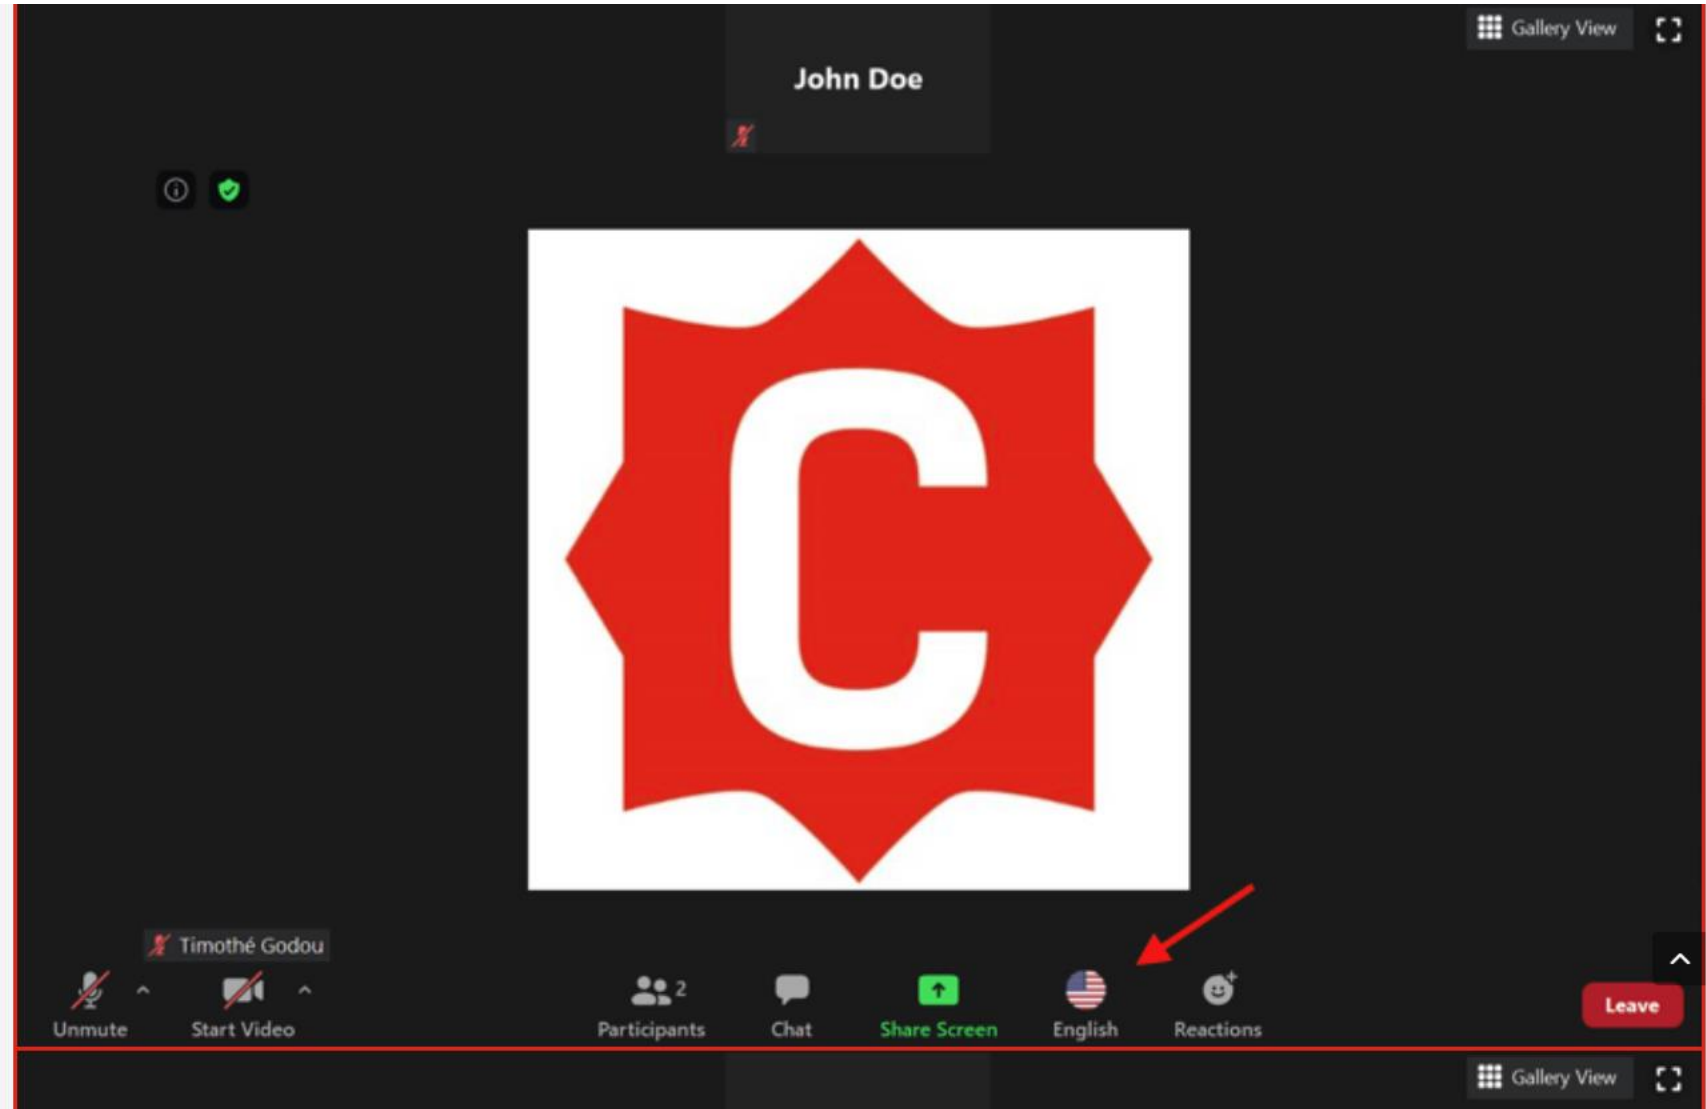

Step 3

By Clicking on the “Interpretation” button, you can choose the language you would like to hear.

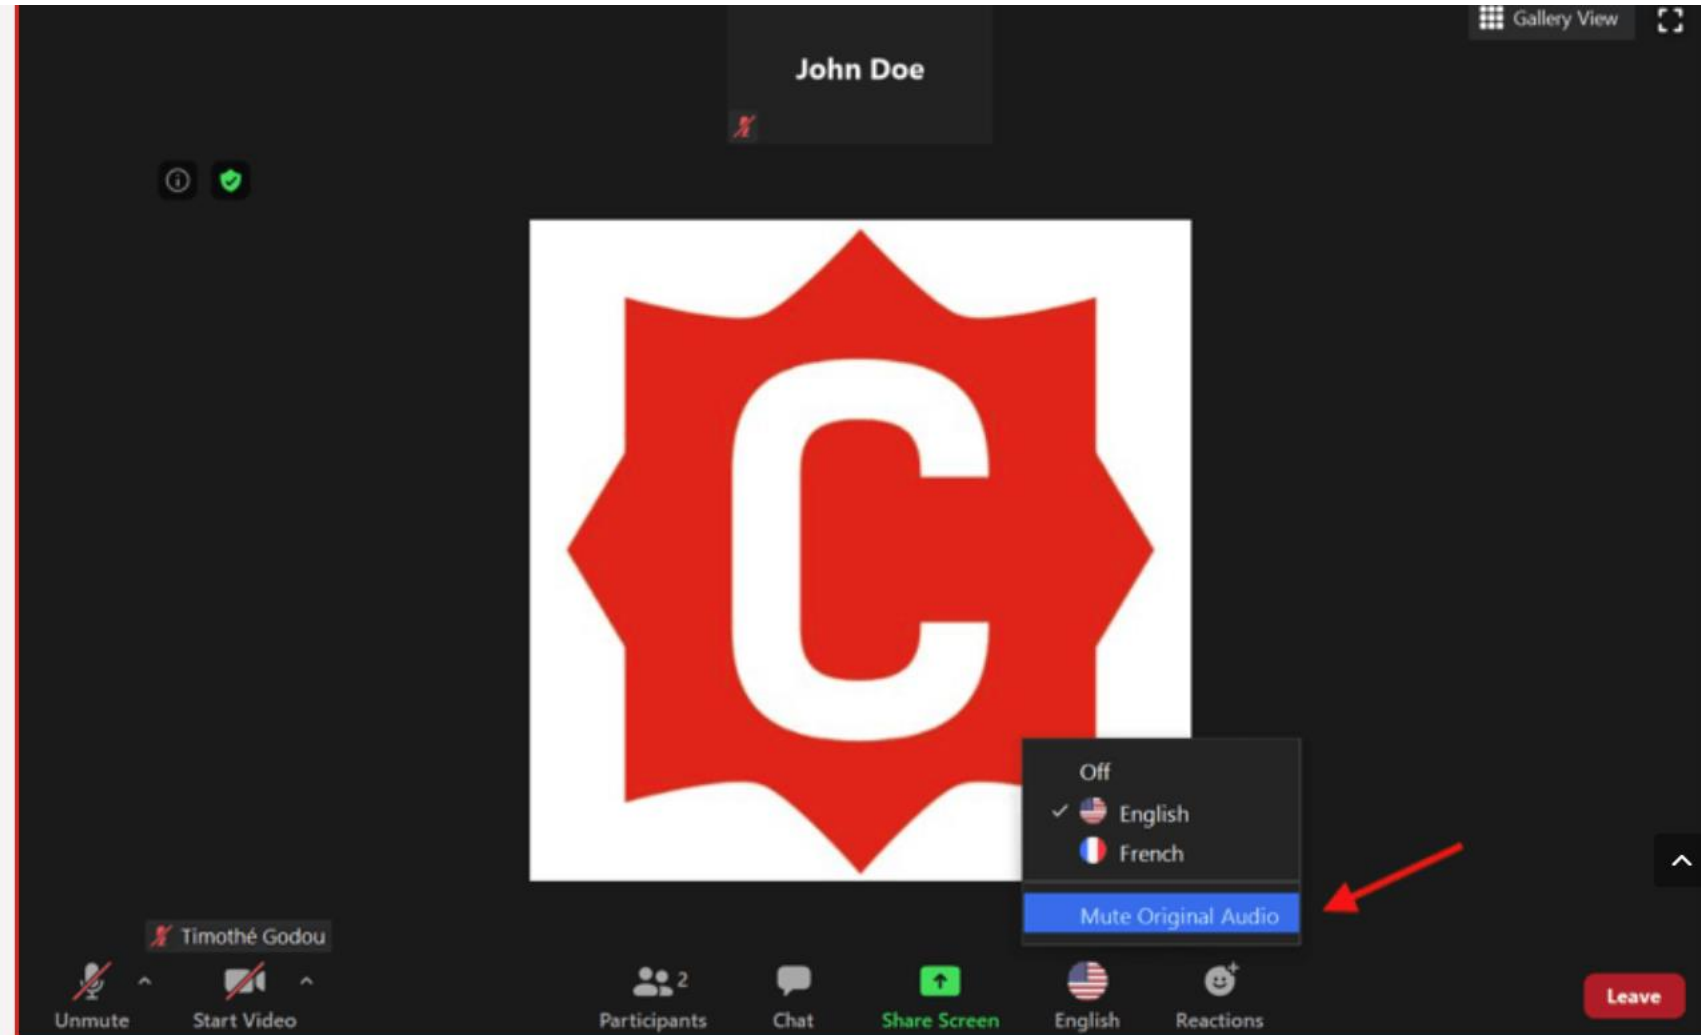

Step 4

The “Interpretation” button will transform into the selected language. To change again the language you would like to hear, follow the previous procedure by clicking on the transformed button.

Step 5 (optional)

By default, you will hear the selected language at 80% volume and the original Audio at 20% volume. If you would like to mute/unmute the original audio, click on the corresponding option in the language button.

The screenshot displays a Zoom meeting interface. At the top center, a name tag for "John Doe" is visible. The main video area shows a large red logo with a white letter "G". In the bottom right corner, a language settings menu is open, showing options: "Off", "English" (selected with a checkmark), and "French". A blue button labeled "Mute Original Audio" is highlighted at the bottom of the menu, with a red arrow pointing to it. The bottom toolbar includes icons for "Unmute", "Start Video", "Participants" (2), "Chat", "Share Screen", "English", "Reactions", and a "Leave" button. The top right corner shows "Gallery View" and a full-screen icon. A name tag for "Timothé Godou" is visible in the bottom left corner of the meeting area.
