

Jagadish Revanna

Post Graduate Programme in Enterprise Management (PGPEM) 2019-2021

Gold Medallist – 1st Rank Holder

Jagadish Revanna (40) won the Director's Merit List Award for Year One and the IIMB Scholarship in both Year One and Year Two. He also won runners-up awards in two national case study competitions held at IIM Lucknow. He ventured into entrepreneurship by incorporating 'Inceptiva' in September 2020. Moreover, he signed a contract with a UK-based publisher to co-author a book on Ethics in AI.

He says his IIMB learning experience has been world class. "It has been an absolute privilege to learn from the best professors. There is a lot of freedom and choice to pursue the courses that interest us, and there is no limit to learning at IIMB. The international programmes related to the Global Network for Advanced Management bring an additional dimension to learning. The two years at IIMB also helped me build a fantastic network."

His future plan is to explore his entrepreneurial dreams and build sustainable businesses (recycling, tourism, handicrafts).

Jagadish Revanna hails from Bangalore and lives with his parents, his wife Rohini and seven-year-old son Abhay.
