Rendezvous with Information Systems Researchers

A Workshop on Research in Action, Field Insights and Research Methods

Workshop Coordinators:
Rahul De, IIM Bangalore, rahul@iimb.ac.in
Saji Mathew, IIT Madras, saji@iitm.ac.in
Priya Seetharaman, IIM Calcutta, priyas@iimcal.ac.in

Target Audience: Ph.D. and Master's students; Young faculty members in Information Systems and related areas

The What:

Objectives of this workshop:

- Give IS Scholars a glimpse of the behind-the-scenes surprises (pleasant as well as challenges) in the conduct of a research study
- Help appreciate the challenges in working with different research methods
- Elicit nuances in the ideation-to-acceptance process of shaping a paper

The workshop will cover Ethnography, Critical Realism, Field Experiments, Qualitative Comparative Analysis, Agent-based Simulation, System Dynamics, Survey Research, Econometric modelling, SEM/PLS, Theory Building, Heterogenous Data, etc.

The How:

The workshop series will consist of a total of 12 webinars starting from June 16th, 2020. The webinars will be organized through an online meeting platform. Each webinar will be scheduled at a time which matches waking hours in India as well as the speaker's time zone. The exact time of every webinar will be intimated to registered participants every week. The link for the webinar will be sent to registered participants prior to the webinar.

Registration

*Registration to the workshop is free and is a one-time registration. **You can register @** https://tinyurl.com/inais-method-workshop*

Preparation

Participants attending the workshop are expected to have read the paper that the speaker will be presenting. For the convenience of participants, the papers to be presented by authors are shared in https://tinyurl.com/Rendezvous-Info-Sys
